Cheriyal Painting

Cheriyal Scroll Painting is a stylized or version of Nakashi art. The Nakashies are the artists of Telangana and the scrolls constitute a key element of the social and cultural setting. These paintings were mostly confined to Cheriyal village. The scrolls are painted in a narrative format, much like a film roll or a comic strip, depicting stories from Indian mythology and intimately tied to the shorter stories from the Puranas and Epics. Scroll painting is one of the earliest forms of audio-visual entertainment and these paintings are prepared only by Nakashi caste people in Telangana state.

Painted on canvas in vivid hues, mostly primary colours, with a predominance of red in the background. The subjects of these scroll paintings are easy to relate to – as the themes and stories are familiar drawn from ancient literary, mythological and folk traditions. The common themes are from the Krishna Leela, Ramayana, Mahabharata, Shiva Puranam, Markandeya Puranam interspersed with the ballads and folk-stories of communities like Gauda, Madiga and so on.
