Sanitary Napkins and Diapers for Kids

SANITARY PADS

GCart Overseas is here to export best quality regular and bio-degradable sanitary pads across the world in a competitive price according to client's needs.

We deal with eco-friendly sanitary pads which are free from plastic and bleached chlorine. Biodegradable pads are safer and more hygienic than regular pads. Being made from natural materials, they are safe for the environment as they reduce plastic wastage. There are many alternatives for these regularly used pads in India, in them we focused on most naturally produced process which are manufactured from bamboo pulp and banana tree fibre which takes less than a year to decompose.

Product name: Bamboo Fibre Sanitary napkins

These are made with top sheet of organic cotton and the core inside is made of bamboo fibres. This merge feels drier and comfort with great absorption at all times. These products are free of chlorinated chemicals and also fragrance free which helps in avoiding allergies and infections.

With both regular and overnight options available in these bamboo sanitary pads, you can comfortably choose the biodegradable option depending on your flow.
